OVERVIEW

This document describes the range of Pactimo clothing supplied in Deeside Thistle club colours. The information is taken from their website; but can only be seen whilst the 'shop' is effectively open. Whilst the information is reproduced here is hopefully up to date; information from the website may supersede the contents of this document at any time.

1.1 Summit

The Summit Collection is comprised of our premium-level clothing, engineered for the experienced, elite cyclist who demands only the best. Summit garments provide a superior fit, and feature the world's finest fabrics, chamois and performance technology.

1.2 Ascent

Our pro-level Ascent Collection has been developed over the years through input and rigorous testing by dedicated, professional cyclists all over the globe. These garments not only offer a race-fit, but include all the essentials for long-distance comfort and durability.

1.3 Continental

The sport-level Continental Collection provides the quality, fit, and design that Pactimo has become known for, while meeting the needs of every range of cyclist, from beginner to avid. These garments feature performance-comfort construction and competition-level fabrics.

1.4 Mountain Biking Gear

The lightweight and super-breathable Apex MTB jersey has been created to perform exceptionally well in a variety of conditions. Whether climbing or descending, or bombing along some single-track, we wanted to develop a garment that could be paired with or without a hydration pack and would provide lasting comfort on any trail attacking adventures.

1.5 Outerwear

The ever-changing conditions, lung-busting climbs and thrilling mountain descents of our beautiful Colorado home serve as an inspiration in all we do when it comes to developing outerwear. Each piece has been relentlessly tested in challenging weather conditions, by elite cyclists around the globe.

1.6 Skinsuits

Whether flying along in a time trial or jumping barriers in a sloppy CX race, our skinsuits have been developed to increase aerodynamic advantage and performance-comfort. Rigorously tested by professional athletes around the globe, they've been engineered with the finest European fabrics.

1.7 Accessories

Our collection of cycling accessories have been developed with the often unpredictable weather conditions of our beautiful Colorado home in mind. They are engineered to increase performance and enhance comfort regardless of what may be encountered on the road or trail.

2.1 Men's Summit Aero Jersey (Short Sleeved)

The Summit Aero has been engineered to provide an exceptional, second-skin fit for a true aerodynamic advantage. Italian Superleggero fabric in the front has a stunning crepe-like appearance and feel, while Zero-Weight mesh in the armpits and carbon-woven TransferC™ in the back reduce heat and provide a stretchy, high-performance fit. Lycra Euro-length, set-in sleeves combined with a low-profile, mock neck and MARC compression arm bands reduce wind resistance.

- TotalFit™ combination of Superleggero and Transfer-C™
- Zero-weight mesh in the armpits for lightweight breathability
- Lycra shoulder panels/sleeves and one-piece mock neck for sleek aero fit
- Full-length, lightweight, metallic YKK zipper
- Euro-length sleeves
- Compact rear pockets
- Internal pocket and opening for race radio/MP3 player
- Earbud loop in neckline
- Silicone waist gripper at front waist
- Laundry bag included

2.2 Women's Summit Aero Jersey (Short Sleeved)

The Summit Aero has been engineered to provide an exceptional, second-skin fit for a true aerodynamic advantage. Italian Superleggero fabric in the front has a stunning crepe-like appearance and feel, while Zero-Weight mesh in the armpits and carbon-woven TransferC™ in the back reduce heat and provide a stretchy, high-performance fit. Lycra Euro-length, set-in sleeves combined with a low-profile, mock neck and MARC compression arm bands reduce wind resistance.

- TotalFit™ combination of Superleggero and Transfer-C™
- Zero-weight mesh in the armpits for lightweight breathability
- Lycra shoulder panels/sleeves and one-piece mock neck for sleek aero fit
- Full-length, lightweight, metallic YKK zipper
- Euro-length sleeves
- Compact rear pockets
- Internal pocket and opening for race radio/MP3 player
- Earbud loop in neckline
- Silicone waist gripper at front waist
- Laundry bag included
- Women's specific design

2.3 Men's Summit Raptor 2.0 Bib Short – Long

This is the bib that will keep you smiling on those 6+ hour rides. The Summit Raptor Bib Short represents the ultimate combination of performance design, technical fabrics and premium components. Engineered with Pactimo's proprietary Silhouette™ articulation, and featuring contoured seaming, they have been developed to provide an unparalleled fit in your riding position. The exceptional compression qualities of the Raptor fabric help to increase oxygen delivery to active muscles. Flash coldblack® technology reflects UV rays while pushing heat and perspiration away from the skin.

These bibs have Italian 7.5cm "long" MARC compression leg bands with ultra-soft Silicone grippers.

- TotalFit™ with Schoeller–Eschler Raptor™ & Exceed Super Opaque fabrics
- Flash coldblack® technology
- Designed with Silhouette™ Articulation
- Contoured seaming for exceptional fit
- Breathable stretch mesh uppers
- Cytech Endurance Anatomic 2 Carbon Flash chamois
- MARC 7.5cm printed leg bands with Silicone grip stripe
- Flatlock stitching
- Laundry bag included
- Available in Contrast Stitching—shown

2.4 Women's Summit Raptor 2.0 Bib Short – Long

This is the bib that will keep you smiling on those 6+ hour rides. The Summit Raptor Bib Short represents the ultimate combination of performance design, technical fabrics and premium components. Engineered with Pactimo's proprietary Silhouette™ articulation, and featuring new contoured seaming, they have been developed to provide an unparalleled fit in your riding position. The exceptional compression qualities of the Raptor fabric help to increase oxygen delivery to active muscles. Flash coldblack® technology reflects UV rays while pushing heat and perspiration away from the skin.

These bibs have Italian 7.5cm "long" MARC compression leg bands with ultra-soft Silicone grippers.

- TotalFit™ with Schoeller–Eschler Raptor™ & Exceed Super Opaque fabrics
- Flash coldblack® technology
- Designed with Silhouette™ Articulation
- Contoured seaming for exceptional fit
- Breathable stretch mesh uppers
- Cytech Endurance 3 Carbon Flash chamois
- MARC 7.5cm printed leg bands with Silicone grip stripe
- Flatlock stitching
- Women's specific design
- Laundry bag included
- Also available with Contrast Stitching

ASCENT SERIES

3.1 Men's Ascent Aero Jersey (SS)

The Ascent jersey follows upon the success of our Ascent Air and Summit level jerseys, incorporating the same philosophy in terms of pattern, fabrics and finishing. The result is a jersey that weighs significantly less than the previous Ascent iterations and through our Silhouette Engineering, offers a slimmer, form fit.

Not only does the Ascent feature the new SwiftDry, a highly breathable, 4-way stretch fabric, but we've included Euro length sleeves and silicone-impregnated, compression arm bands for all-day comfort.

Three full-size pockets with reinforced structural capacity/stability allow you to load up for long training days.

It's the new workhorse for a new generation!

- TotalFit™ with SwiftDry fabric and BreatheLITE mesh in back panel
- 4.5cm lightweight MARC compression arm bands with Silicone gripper
- Silicone waist gripper
- Full-length hidden YKK zipper
- Two-piece standing collar
- Neckline seam tape
- Phone/race radio opening in rear pocket
- Earbud loop in neckline

3.2 Women's Ascent Aero Jersey (SS)

The Ascent jersey follows upon the success of our Ascent Air and Summit level jerseys, incorporating the same philosophy in terms of pattern, fabrics and finishing. The result is a jersey that weighs significantly less than the previous Ascent iterations and through our Silhouette Engineering, offers a slimmer, form fit.

Not only does the Ascent feature the new SwiftDry, a highly breathable, 4-way stretch fabric, but we've included Euro length sleeves and silicone-impregnated, compression arm bands for all-day comfort.

Three full-size pockets with reinforced structural capacity/stability allow you to load up for long training days.

It's the new workhorse for a new generation!

- TotalFit™ with SwiftDry fabric and BreatheLITE mesh in back panel
- 4.5cm lightweight MARC compression arm bands with Silicone gripper
- Silicone waist gripper
- Full-length hidden YKK zipper
- Two-piece standing collar
- Neckline seam tape
- Phone/race radio opening in rear pocket
- Earbud loop in neckline
- Women's specific design

3.3 Men's Ascent Vector Bib Short – Long

Designed with MITI® Vector fabric, these race-proven and endurance-tested bibs include Flash technology, noted for its advanced capability to pull moisture away from the body. The multi thick and perforated foam chamois from Italian manufacturer CyTech, creator of the unsurpassed Elastic Interface® Technology, provides maximum ventilation. Also engineered with Pactimo's proprietary Silhouette™ articulation and new contoured seaming to ensure a superlative fit in your riding position.

These bibs have Italian 7.5cm "long" MARC compression leg bands with ultra-soft Silicone grippers.

- TotalFit™ with MITI® Vector & Shield fabrics
- Flash technology
- Engineered with Silhouette™ Articulation
- Contoured seaming for exceptional fit
- Breathable stretch mesh uppers
- Cytech E.I.T. Liege Carbonium chamois
- MARC 7.5cm or 4.5cm compression leg bands with Silicone grip stripe
- Flatlock stitching
- Available in Full Print or White Base Lycra
- Also available with Contrast Stitching

3.4 Women's Ascent Vector Bib Short – Long

Designed with MITI® Vector fabric, these race-proven and endurance-tested bibs include Flash technology, noted for its advanced capability to pull moisture away from the body. - MARC 7.5cm compression leg bands with Silicone grip stripe
- Flatlock stitching
- Women's specific design
- Available in Full Print or White Base Lycra
- Also available with Contrast Stitching

CONTINENTAL SERIES**4.1 Men's Continental 2.0 Jersey (SS)**

This Continental jersey provides the quality, fit, and design that Pactimo has become known for while meeting the needs of every range of cyclist, from beginner to elite. Constructed with the high-performance Dynamik™ sport fabric, it has been designed to wick moisture and provide exceptional temperature control. Includes a full-length hidden YKK zipper and silicone waist gripper for maximum comfort.

- Dynamik™ wicking fabric
- Full-length hidden YKK zipper
- Silicone waist gripper
- Elastic sleeve openings
- Upright collar
- Full-size rear pockets

4.2 Women's Continental 2.0 Jersey (SS)

This Continental jersey provides the quality, fit, and design that Pactimo has become known for while meeting the needs of every range of cyclist, from beginner to elite. Constructed with the high-performance DynamiK™ sport fabric, it has been designed to wick moisture and provide exceptional temperature control. Includes full-length hidden YKK zipper and Silicone waist gripper for maximum comfort.

- DynamiK™ wicking fabric
- Full-length hidden YKK zipper
- Silicone waist gripper
- French collar
- 3 full-size rear pockets
- Women's specific design

4.3 Men's Continental Jersey Long Sleeve

The Pactimo long sleeve Continental jersey is the perfect choice for colder temperatures. Ardente fabric is known for its exceptional loft and insulating properties and with its stretchy qualities; this jersey is perfect for outdoor activities other than cycling, such as XC skiing and running.

- Ardente fabric
- Double tall collar for insulation
- Full length zipper
- Longer sleeves for full wrist coverage
- Elastic waist gripper
- Elastic sleeve openings
- Full-size back pockets

4.4 Women's Continental Jersey Long Sleeve

This Garment is Race Slim Fit

The Pactimo long sleeve Continental jersey is the perfect choice for colder temperatures. Ardente fabric is known for its exceptional loft and insulating properties and with its stretchy qualities; this jersey is perfect for outdoor activities other than cycling, such as XC skiing and running.

- Ardente fabric
- Double tall collar for insulation
- Full length zipper
- Longer sleeves for full wrist coverage
- Elastic waist gripper
- Elastic sleeve openings
- Full-size back pockets

4.5 Men's Continental 2.0 Bib Short

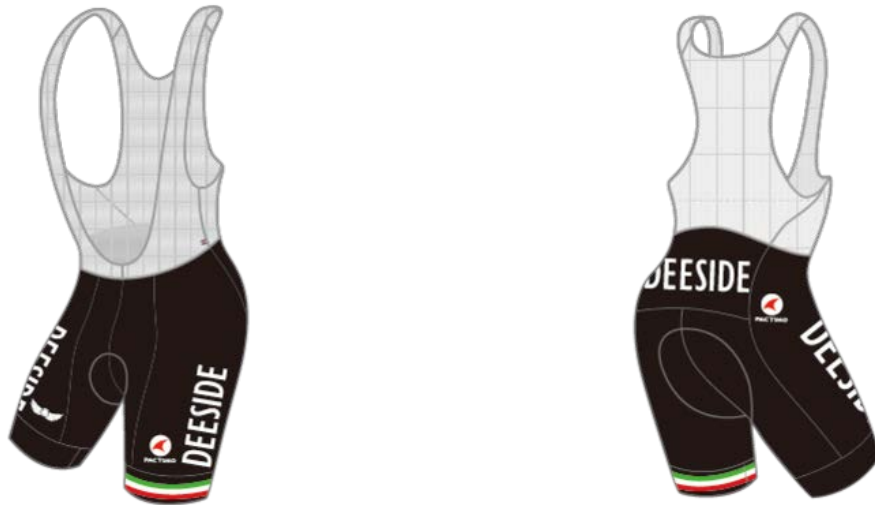

Our Continental Bib Short has been designed with comfort and functionality in mind. We've included a high-performance, sport-level chamois from Italian-manufacturer TMF, super-durable and elastic Avertini Lycra, and stretchy, mesh uppers. For 2017, we've updated this bib with MARC compression leg bands and contoured seaming for enhanced performance comfort.

These bibs are available with Italian 4.5cm "long" MARC compression leg bands with ultra-soft Silicone grippers.

- Italian-made TMF Sport Level chamois
- Avertini Lycra
- 4.5cm MARC compression leg bands with Silicone grippers
- Contoured seaming for exceptional comfort
- Breathable mesh uppers

- 4.5cm MARC compression leg bands with Silicone grippers
- Contoured seaming for exceptional comfort
- Breathable mesh uppers
- Women's specific design

5

MOUNTAIN BIKE WEAR

5.1 Men's Trail Jersey Short Sleeve

The lightweight and super-breathable Trail MTB jersey has been created to perform exceptionally well in a variety of conditions. Whether climbing or descending, or bombing along some singletrack, we wanted to develop a garment that could be paired with or without a hydration pack and would provide lasting comfort on any trail attacking adventures.

BreathLITE fabric is used in the rear body and sleeves to achieve optimal breathability and moisture transfer whether wearing a hydration pack or not. The soft, silk-like feel of the Run-Lite fabric used in the front body panel and neckline provides soft, abrasion resistant comfort. Both the BreathLITE and Run-Lite fabrics feature a tough snag-resistant resilience. The seams on the shoulders have been shifted forward to avoid potential pressure points when used with a hydration backpack. The Trail Jersey offers a contoured design for a slim body-shaping fit.

- BreathLITE fabric in the rear panel and sleeves
- Run-Lite fabric in the front body
- Slim contoured fit
- Necktape covering the rear collar seam
- Hidden zippered side pocket

5.2 Men's Trail Jersey Long Sleeve

The lightweight and super-breathable Trail MTB jersey has been created to perform exceptionally well in a variety of conditions. Whether climbing or descending, or bombing along some singletrack, we wanted to develop a garment that could be paired with or without a hydration pack and would provide lasting comfort on any trail attacking adventures.

BreathLITE fabric is used in the rear body and sleeves to achieve optimal breathability and moisture transfer whether wearing a hydration pack or not. The soft, silk-like feel of the Run-Lite fabric used in the front body panel and neckline provides soft, abrasion resistant comfort. Both the BreathLITE and Run-Lite fabrics feature a tough snag-resistant resilience. The seams on the shoulders have been shifted forward to avoid potential pressure points when used with a hydration backpack. The Trail Jersey offers a contoured design for a slim body-shaping fit.

- BreathLITE fabric in the rear panel and sleeves
- Run-Lite fabric in the front body
- Slim contoured fit
- Necktape covering the rear collar seam
- Hidden zippered side pocket

5.3 Women's Trail Jersey Short Sleeve

The lightweight and super-breathable Trail MTB jersey has been created to perform exceptionally well in a variety of conditions. Whether climbing or descending, or bombing along some singletrack, we wanted to develop a garment that could be paired with or without a hydration pack and would provide lasting comfort on any trail attacking adventures.

BreathLITE fabric is used in the rear body and sleeves to achieve optimal breathability and moisture transfer whether wearing a hydration pack or not. The soft, silk-like feel of the Run-Lite fabric used in the front body panel and neckline provides soft, abrasion resistant comfort. Both the BreathLITE and Run-Lite fabrics feature a tough snag-resistant resilience. - BreathLITE fabric in the rear panel and sleeves
- Run-Lite fabric in the front body
- Slim contoured fit
- Necktape covering the rear collar seam
- Hidden zippered side pocket
- Women's specific fit

5.5 Men's Apex Short

Featuring our new lightweight 4-way stretch body fabric, the Apex MTB Short offers 'move-where-you-move' unhindered mobility and quick-drying breathability.

The unique pocketing structure provides you with two standard front-facing hand pockets for use off and on the bike. Two hidden zippered pockets on the right upper thigh and left lower thigh are strategically placed to hold the objects they carry in-place and secure regardless of how high your cadence. They are large enough to even fit most smartphones (if you are so brave). Silk-like fabrics line the waist and leg opening for next-to-skin comfort as you shift, move and pedal down the trail.

An offset waistband button closure system and zippered fly offer easy and yet secure access when taking the shorts on and off. The velcro-free hidden elastic retention system allows for simple micro adjustment to fit without the added weight of a belt. We have contoured the back of the leg opening to remove any rubbing against the back of the calf at the apex of the pedal-stroke.

- Lightweight, breathable 4-way stretch body fabric
- YKK hidden zipper rear and side entry pockets for pedal-friendly storage
- Double offset button opening
- YKK front fly
- Contoured on the bike fit
- Front entry hand pockets for off-the bike comfort
- Elastic interior micro-adjust retention system
- Tall rear waist panel
- Shaped rear leg opening
- 13in/34cm inseam (size medium)

5.6 Women's Apex Short

Featuring our new lightweight 4-way stretch body fabric, the Apex MTB Short offers 'move-where-you-move' unhindered mobility and quick-drying breathability.

The unique pocketing structure provides you with two standard front-facing hand pockets for use off and on the bike. - Tall rear waist panel
- Shaped rear leg opening
- 13in/34cm inseam (size medium)
- Women's specific fit

6.1 Storm Hybrid Jacket with Arm Warmers – Unisex

You've seen the pro peloton wearing black jackets similar to this in the grand tours, but Pactimo is one of a select few who can custom print your team colours and logos on one. You will be amazed at the water repellence of the Storm Hybrid Jacket. Water literally bounces off thanks to the bluesign® environmentally friendly, DWR finished Aerowind stretch, thermal fabric from Italian manufacturer MITI®. Included arm warmers, also constructed with Aerowind fabric, make this one of the most versatile wind and water resistant garments you will ever own. Not only will this jacket fit like a second skin—meaning there's no wind flap at all!—but it has an elegant, supple feel and is extremely breathable. This will be your go-to jacket for a variety of weather conditions.

- The ultimate in wind and water resistance
- MITI® Aerowind thermal fabric with DWR finish for superior water resistance
- 3 full size back pockets in Defense+ 3-layer laminate fabric with weather protective flap
- Silicone gripper at waist
- Full-length reverse coil YKK zipper
- Reflective trim
- Euro length sleeves
- Arm warmers in fully-printable Aerowind fabric included
- TotalFit™ design
- Unisex

6.2 Men's Breckenridge WX-D Jacket

This Breckenridge WX-D Jacket will not only provide an optimal performance fit, but the 3 layer laminate fabric allows for exceptional stretch while having unparalleled wind and water resistant characteristics. A durable double zipper allows for top/bottom venting. BreatheLITE fine mesh fabric is used in the back, side and sleeve inset panels for increased breathability. A Silicone bottom gripper keeps the jacket in place and 1/4" elastic sleeve cuff allows for easy on/off.

Includes 3 traditional back pockets with triple layer fabric for road spray protection.

- Best Seller!
- TotalFit design with Defense+ and BreatheLITE fabrics
- Mid-weight four season garment
- Wind/water resistant
- Two-way zipper
- 3 full-size back pockets
- Silicone gripper
- Rear reflective piping
- Good for weather 40° – 70° F

6.3 Women's Breckenridge WX-D Jacket

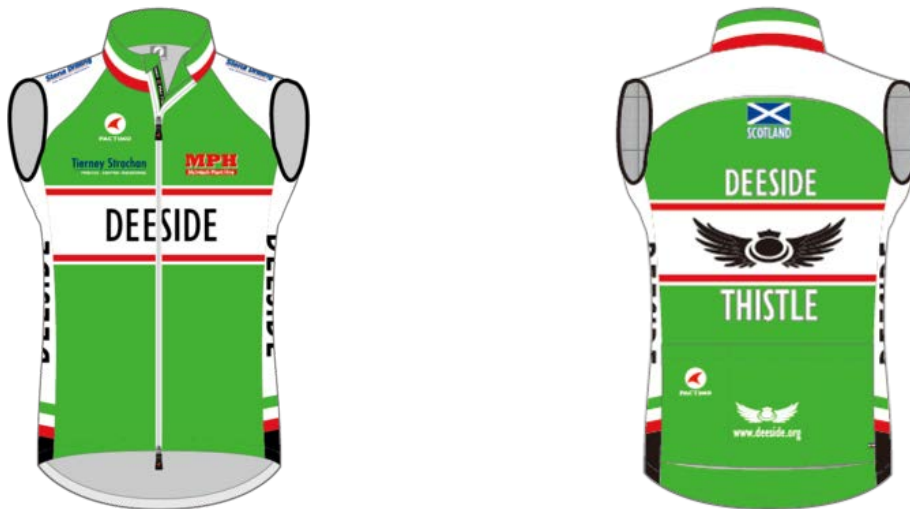

Custom cycling clothing for women doesn't mean you have to wear a man's jacket anymore!

This women's specific Breckenridge WX-D Jacket will not only provide an optimal slim, performance fit, but the 3 layer laminate fabric allows for exceptional stretch while having unparalleled wind and water resistant characteristics. A durable double zipper allows for top/bottom venting. BreatheLITE fine mesh fabric is used in the back, side and sleeve inset panels for increased breathability. A Silicone bottom gripper keeps the jacket in place and 1/4" elastic sleeve cuff allows for easy on/off.

Includes 3 traditional back pockets with triple layer fabric for road spray protection.

- Best Seller!
- TotalFit design with Defense+ and BreatheLITE fabrics
- Mid-weight four season garment
- Wind/water resistant
- Two-way zipper
- 3 full-size back pockets
- Silicone gripper
- Rear reflective piping
- Good for weather 40° – 70° F
- Women's specific design

6.4 Men's Breckenridge WX-D Vest

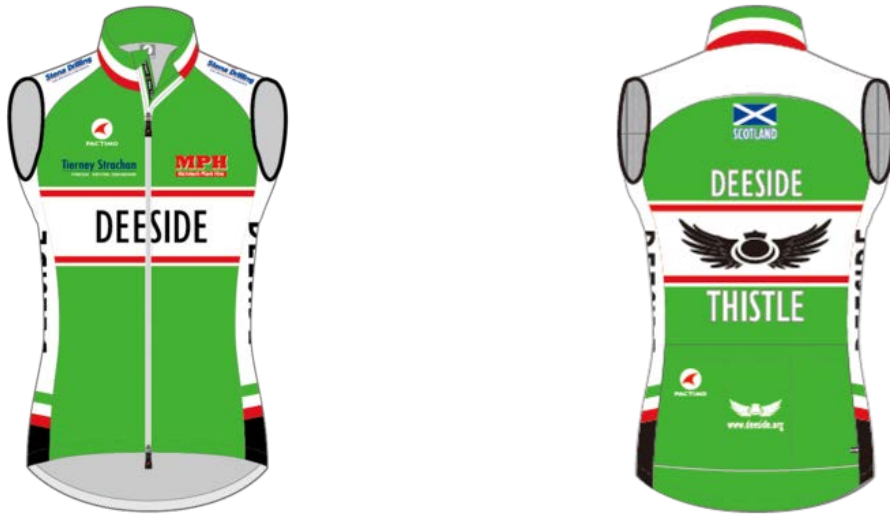

The Breckenridge WX-D Vest is truly a four season garment designed with peak performance in mind. The 3 layer laminate fabric allows for phenomenal stretch while also having unparalleled wind and water resistant characteristics. A durable double zipper allows for top/bottom venting. BreatheLITE fine mesh fabric is used in the back and side panels for increased breathability. A Silicone bottom gripper keeps the vest in place.

Includes 3 traditional back pockets with triple layer fabric for road spray protection.

- TotalFit design with Defense+ and BreatheLITE fabrics
- Mid-weight four season garment
- Wind/water resistant
- Two-way zipper
- 3 back pockets
- Silicone gripper
- Rear reflective piping

6.5 Women's Breckenridge WX-D Vest

Finally! Women have a custom cycling vest designed specifically for their bodies and fit: the Breckenridge WX-D Vest.

This is truly a four season garment designed with peak performance in mind. The 3 layer laminate fabric allows for phenomenal stretch while also having unparalleled wind and water resistant characteristics. A durable double zipper allows for top/bottom venting. BreatheLITE fine mesh fabric is used in the back and side panels for increased breathability. A Silicone bottom gripper keeps the vest in place.

Includes 3 traditional back pockets with triple layer fabric for road spray protection.

- TotalFit design with Defense+ and BreatheLITE fabrics
- Mid-weight four season garment
- Wind/water resistant
- Two-way zipper
- 3 back pockets
- Silicone gripper
- Rear reflective piping
- Women's specific design

6.1 Ouray Thermal Jacket - Unisex

Note DTCC has chosen this clothing item to use a brighter shade of Green to be more eye-catching in dull conditions.

Never miss another training day because of the weather! Our flagship thermal outerwear for extreme cold and wet training rides features everything you need. This is one of those pieces that will last you several seasons. You may not use it often, but when you do you will love it. Or perhaps you'll never need to ride the trainer again. For the most extreme conditions this piece will complete your winter arsenal against the elements.

- Heavyweight outerwear
- Italian Cortina wind/water resistant (light mist/road spray) fabric with brushed fleece inner
- Low-profile Velcro sleeve closure
- One-handed drawstring waist pull cord
- Extra long back panel to protect the seat area from moisture
- Fully printable double high collar with Lombardia fleece expansion tab
- Shoulder expansion vents
- Extra large rear pocket with 3 zipper entries
- Inside breast pocket
- Reflective piping
- YKK zipper
- Unisex
- Ideal for weather down to 20° – 40° F

6.1 Ouray Bib Tight - Unisex

The complementary piece to the Ouray jacket, our full length Ouray Bib Tights complete the ensemble. You are ready for the winter elements when you put on a pair of these tights featuring our heavy-duty Stelvio and Lombardia fabrics. Designed to go over cycling shorts.

- Miti® Stelvio fabric with Lombardia rises
- Multiple curved anatomical panels for customized fit
- Large printable leg panels
- Flat lock stitching
- Reflective piping to keep you safer on the road
- Locking ankle zippers with stirrups
- Waist zipper for ease of entry
- No chamois

7.1 Mens Ascent 3.0 Skinsuit – Long Sleeve

The Ascent 3.0 skin suit has been meticulously engineered to provide a superior, aerodynamic fit. The striped texture of the Velocelite fabric from MITI® and MARC compression leg bands lend to the sleek, body-hugging profile while feeling supportive against the skin and muscles in motion.

The Liege Carbonium Men's chamois from the world-renowned Elastic Interface® includes multi thicknesses, central channel in the perineal area and perforated foam for maximum ventilation.

A single side panel provides a large print area for maximum sponsorship visibility.

These bibs are available with Italian 7.5cm "long" MARC compression leg bands with ultra-soft Silicone grippers.

- TotalFit™ with MITI® Velocelite stretch fabric and Avertini Lycra
- Mock-neck for sleek, aero fit
- 7.5cm MARC compression leg bands with Silicone gripper
- CyTech Liege Carbonium chamois
- Invisible front zipper to ease entry and exit
- Euro-length sleeves
- No pocket, left back pocket or right back pocket options

7.2 Women's Ascent 3.0 Skinsuit – Long Sleeve

The Ascent 3.0 skin suit has been meticulously engineered to provide a superior, aerodynamic fit. The striped texture of the Velocelite fabric from MITI® and MARC compression leg bands lend to the sleek, body-hugging profile while feeling supportive against the skin and muscles in motion.

The Endurance 2 Carbonic women's chamois from the world-renowned Elastic Interface® includes multi thicknesses, central channel in the perineal area and perforated foam for maximum ventilation.

A single side panel provides a large print area for maximum sponsorship visibility.

- TotalFit™ with MITI® Velocelite stretch fabric and Avertini Lycra
- Mock-neck for sleek, aero fit
- 7.5cm MARC compression leg bands with Silicone gripper
- Cytech Endurance 2 Carbonium chamois
- Invisible front zipper to ease entry and exit
- Euro-length sleeves
- No pocket, left back pocket or right back pocket options
- Women's specific design

7.3 Men's Ascent 3.0 Skinsuit – Short Sleeve

The Ascent 3.0 skin suit has been meticulously engineered to provide a superior, aerodynamic fit. The striped texture of the Velocelite fabric from MITI® and MARC compression leg bands lend to the sleek, body-hugging profile while feeling supportive against the skin and muscles in motion.

The Liege Carbonium Men's chamois from the world-renowned Elastic Interface® includes multi thicknesses, central channel in the perineal area and perforated foam for maximum ventilation.

A single side panel provides a large print area for maximum sponsorship visibility.

These bibs are available with Italian 7.5cm "long" MARC compression leg bands with ultra-soft Silicone grippers.

8 ACCESSORIES

8.1 Microfiber Cycling Caps

Our cycling cap is perfect for long rides and fits comfortably under your helmet. Fully printable - including the brim - lets you show your team colours.

- Fully sublimated
- C-Dry wicking fabric
- No-crumple visor (machine washable)
- Built in headband
- Unisex

8.2 Custom Arm Warmers

These fully-printable arm warmers are offered in your team kit design and constructed using the new and advanced ThermaGuard wicking fabric. Perfect for those days when you need an extra layer but not the full fleece. With anatomical fit and soft rubber grippers for long-distance comfort.

- ThermaGuard wicking fabric
- Rubber grippers at the biceps
- Unisex

8.3 Ascent Cycling Gloves

Complete your pro team look with our custom printed cycling gloves! Our gloves are one of the best gloves on the market, period. Featuring our Avertini lycra on the back of the hand, CLARINO Micro fiber in the palm and mesh between the fingers for maximum breathability. Also includes fleece on the back of the thumb for moisture absorbency.

- Pactimo TotalFit™ design for excellent anatomical fit
- Large printable panel for sponsor exposure
- Embossed Pactimo logo on palm pad
- CLARINO Micro fiber palm for durability and comfort
- Unisex

8.4 Ascent Shoe Covers

Our Ascent shoe covers are perfect for TT's and criteriums. Pair them with our skinsuits for a pro look.

- Updated for 2017!
- Velocelite stretch fabric for an elite fit
- Silicone gripper at ankle
- Locking Zipper
- Zipper tab cover
- Unisex

8.5 Skull Cap Black

If you prefer full coverage, this is the cold weather item you won't want to be without. This extremely comfortable, fleece backed skull cap has been designed to keep your forehead and ears toasty warm while providing full, but not stifling, coverage for your head.

- Wind-Block Fabric (waterproof & breathable) over Forehead & Ears
- Italian Lombardia Fleece
- Designed to Fit Under Helmet
- Ponytail Opening
- Black color only

8.6 Headband Black

This super comfortable, fleece backed headband is perfect when the weather turns cool. Designed to keep your forehead and ears toasty warm while fitting perfectly under your helmet.

- Wind-Block Fabric (waterproof & breathable) over Forehead & Ears
- Italian Lombardia Fleece
- Ponytail Opening
- Black color only

8.7 Unisex Thermal Knee Warmers - Black

When the temperature climbs, break out Pactimo's Zero-Weight Base Layer to keep you cool and dry on the ride.

- Zero-Weight mesh (93% Polyester / 7% Spandex)
- Honeycomb texture to maximize wicking performance
- Next to skin form-fit design
- White color only

8.17 Men's Ultra-Lite Rain Jacket - Clear

Tired of replacing your plastic rain jacket every season? Our Ultra-Lite Clear Rain Jacket is one that you will actually want to wear. It is made with breathable, stretchable and yes, waterproof fabric that is fully vented for increased breathability. You no longer have to feel like you're wearing a garbage bag when the skies open up on your training ride. This jacket is lightweight, comfortable, and highly functional. It also packs up tight to fit nicely in your jersey pocket.

- Underarm Vents
- Milano fleece lined collar for comfort and thermal protection
- Reflective stripe on the back
- Easily packable in a jersey pocket
- Available in black, white to clear (shown)

9.3 MEASURING TIPS

9.3.1 Chest

Using a soft measuring tape, bring the tape across your back under each arm, around the front. For women, measure the widest point of the bust. For men, measure around the largest part of your chest.

9.3.2 Waist

Bend to one side to find natural indentation in torso. This is your natural waist. Run tape around waistline, keeping tape parallel with floor.

9.3.3 Hip

Stand on a level surface with feet together. Measure around fullest part of hips and bottom (approximately 7" - 9" below waistline), keeping tape parallel with floor.
